

# Amory Adventure Award

A submission to the Amory Adventure Award competition demonstrates your Company's ability to Plan, Do and Review a great Adventure. The Amory Adventure Award is given annually to the Company that displays the most initiative in conceiving, planning and executing an outdoor Adventure activity. The log that the Company submits to the competition is proof of a thorough Review.

A Venturer Company interested in submitting an Adventure to the Amory Adventure Award competition needs to begin planning months in advance of the actual expedition, and must commit to documenting every step of the Plan-Do-Review process. A Company must provide a thorough account of all of the Company's efforts to make a great Adventure become a reality: holding planning meetings, fundraising, practicing skills — whatever it takes to pull off an awesome Adventure!

There are great examples of winning and finalist expeditions in back issues of *Scouting Life*.
