

Let's go Tobogganing!

Tobogganing is a fun winter activity that's been enjoyed in Canada for centuries. It's also a great way for your Pack to get out and make the most of winter!

As a Six, get to work planning your tobogganing Adventure. Think about all the details that will make your outing a ton of fun: what hill you want to go sliding at, what you need to bring, how you're going to get there, and what you're going to have for a snack. Once every Six has a plan, come together as a Pack to compare notes, then take the best parts from each Six's plan. This could mean choosing a hill suggested in one plan and a snack suggested in another, and so on.

When you get to the hill, take some time to perform a safety assessment. As a Pack, have a look around for potential hazards: trees, rocks, ice, etc. Agree on some practices to stay safe. For example, slide only on one side of the hill, and walk up on the other. Have fun!

Resources

- Toboggans
- Appropriate winter clothing
- Snacks

Safety tip

- Everybody tobogganing should wear helmets!
