

# Memory Game

## BIG BROWN BEAVER'S LODGE Citizenship

### The Adventure:

As a Lodge, colour pictures of the provinces and territories, or the flags of each province or territory. Draw two of each picture.

Put your pictures face-down on the floor and shuffle them so that you don't know what picture is on the other side. Take turns turning over one picture and then another. If you make a pair, you can go again. If your pictures do not match, it is the next Beaver Scout's turn.

How many pairs can you match?

### For Scouters:

- Use cardstock paper or glue pictures on to construction paper so picture doesn't show through.
- See the **Canada** Jumpstart for maps of provinces and flags for colouring.

### Online Resources:

- [How to Make a Memory Game](#)
- [The Canada Song](#)

### Plan:

- Do you know the shapes of the provinces and territories? How can you find out?
- Do you know that the flags of each province or territory looks like? How can you find out?
- What do you need for this Adventure?

### Do:

- Draw or colour your pictures, and then play a game of memory.

### Review:

- What do you know now that you did not know before?
- Who made the most pairs?
- How many provinces and territories can you name?
- Which flag is your favourite? Why?
- Did you play against each other, or did you work as a team?
