

Sand Painting

RASCAL'S RIVER Creative Expression

The Adventure:

A visit to the beach can be a lot of fun. We all enjoy building sandcastles, but there are other creative things that you can try with sand.

Fill a small plastic bag with dry sand from high up on the beach, and take it down to where the waves have made the sand smooth and dark. Poke a hole in the

bag, and tickle out the dry sand to "paint" a picture on the dark, damp sand.

Your whole Lodge can team up to make a collage of images along the shoreline! Take some photos before the waves wash the sand clean. Then you can begin new sand collages.

Safety note:

- Because you are playing near the water's edge for this Adventure, consider this a water activity. How can your Lodge stay safe for any Adventure on or near the water?
- Usually when we go to the beach, it's on a bright, sunny day. What do you need to remember to stay safe when you are out in the sun?

Plan:

- When and where will you have this Adventure?
- What do you need to bring?
- What will you draw?
- What other things can you do at the beach?

Do:

- Create some images on the sand.
- Try to draw more than one picture. Use the sand to create new effects.

Review:

- What do you know now that you did not know before?
- What did you draw?
- What did the other Beaver Scouts draw?
- How did you paint with the sand?
- What other creative things can you do with sand at the beach?
