

# Shadow Pictures

## RASCAL'S RIVER Creative Expression

### The Adventure:

A visit to the beach can be a lot of fun. We all enjoy building sandcastles, but there are other creative things that you can try with sand.

Use sticks, leaves and shells to create sculptures that cast interesting shadows on the sand. When you have your shadows just right, ask your Scouters to take a picture.

Your whole Lodge can team up to make a collage of shadow images along the shoreline!

### Online Resources:

- Shadow Pictures
- Leave No Trace
- Goop Up For Great, Safe Summer Scouting Adventures

### Safety note:

- Because you are playing near the water's edge for this Adventure, consider this a water activity. How can your Lodge stay safe for any Adventure on or near the water?
- Usually when we go to the beach, it's on a bright, sunny day. What do you need to remember to stay safe when you are out in the sun?

### Plan:

- When and where will you have this Adventure?
- What do you need to bring?
- What shadow images will you try to create?
- What other things can you do at the beach?

### Do:

- Create some shadows on the sand.
- Try different ways of making shadow pictures. What materials can you use?

### Review:

- What do you know now that you did not know before?
- What shadows did you create?
- What shadows did the other Beaver Scouts create?
- How did you make your shadows?
- What other creative things can you do at the beach?
