

Plan:

- What do you want to include in your campfire program?
- How will you light the fire?
- How will you start your campfire and end your campfire?
- How will you divide up hosting duties if there is more than one MC?
- Compose a safety plan.

Do:

- Take part in a great formal campfire

Review:

- How could you tell if our guests had fun at the campfire?
- What was the best part of the evening?
- What do you know now that you did not know before?
- How did you feel before, during, and after the campfire?
- What would you do differently in the future?

Safety note:

- What safety concerns might you need to address for both audience and performers?
- How will you make sure the campfire is dead out before leaving the site?

Campfire Host

RED COAT TRAIL
Leadership

The Adventure:

As Masters of Ceremonies, organize a fun and formal campfire for other Scouts to attend. If you like, invite other nearby Troops! Invite your guests to contribute skits, songs and cheers. Make it one for the record books! From opening to closing, create one blazing evening that will be burned into people's memories for years to come!

S-02

It starts with Scouts.
