

**Plan:**

- When and where will you share this adventure?
- What is your budget?
- How can you practise sea kayaking in preparation for your expedition?
- What gear and supplies are required?

**Do:**

- Get out and enjoy an overnight sea kayaking experience!

**Review:**

- What do you know now that you did not know before?
- What challenges did you face, and how did you overcome them?
- How did you feel before, during, and after this activity?
- How did the Expedition Team get along?
- What would you do differently in the future?

**Safety Note:**

- Sea kayaking is a unique activity. In terms of safety, what should you be aware of—even if your Expedition Team is made up of experienced canoe paddlers?
- What do you need to consider if paddling on the ocean?

**Online Resources:**

- [Sea kayaking tips—Launching and Landing](#)
- [Are YOU a prepared Sea Kayaker?](#)
- [PaddleSmart](#)
- [Leave No Trace](#)

It starts with Scouts

# Sea Kayaking

Environment &amp; Outdoors

**The Adventure:**

Venturer Companies across Canada often have key interests that are common to all of their members. For vocational Companies, the common key interest is pretty obvious. Venturers in other Companies might share a passion for some of the outdoor pursuits that people think of when they think of Scouting, like hiking or canoeing.

Sea kayaking is an activity enjoyed by Venturers who live by the ocean, but the sport can be enjoyed in many other parts of Canada as well. Form an Expedition Team to practise sea kayaking and share an overnight or multi-day sea kayaking expedition.
