## Leadership

**The Adventure:**

Most secondary schools in Canada have an important group of students called the Student Council. This group is a representative body for students. The Student Council is responsible for promoting school spirit, organizing student events like dances and pep rallies, fundraising for charities and so on.

Being part of your Student Council is a great opportunity to develop some new skills—skills that can benefit other parts of your life, like Scouting. Investigate the roles on the Student Council and run for a position you're interested in.
