

# Leave No Trace Nature Collage

## RASCAL'S RIVER Creative Expression

### The Adventure:

Use sticks, leaves, flowers and stones you find on the ground to make a collage! A bare patch of sand or rock can be your canvas. Have your Scouter take a picture of your creation!

You can make your own collage, or team up with others in your Lodge to create something together.

### Online Resources:

- Leave No Trace
- Nature Collage

### Safety Note:

- What plants do you need to look out for when gathering things for your collage?
- What insects do you need to look out for when gathering things for your collage?

### Plan:

- When and where will you share this adventure?
- What do you need to bring?
- What will you try to show with your collage?
- What other fun things can you do in nature?

### Do:

- Create a Leave No Trace nature collage!
- Try making more than one!

### Review:

- What do you know now that you did not know before?
- What did you show with your collage?
- What did other Beavers create?
- How did you make your collage?
- What other fun things did you get up to?
