Can I See Your Smile?

The Adventure:

Stand in a circle as a group, facing inward. One Beaver in your group will volunteer to go first. He or she will stand in the middle of the circle and choose another Beaver to approach. The Beaver inside the circle will then ask the other Beaver: "Can I see your smile?"

The Beaver being asked must then answer, "No, you cannot see my smile." He or she should not smile when giving this answer. The Beaver in the middle should then ask another Beaver, "Can I see your smile?"

If the Beaver answering does smile (or laugh), he or she trades places with the Beaver in the middle of the circle, and must ask another Beaver, "Can I see your smile?"

Play until everyone is smiling!

Safety Note:

How can you show respect for other Beavers' personal space when playing this game?
