Plan:

- How will you share your birthdays with each other without talking?
- What other ways of sharing will be okay for this game, and which will not be allowed?

Do:

- Figure out your birthdays without talking.
- Line up in order.

Review:

- What do you know now that you did not know before?
- How did you feel before, during and after this adventure?
- How did you share without speaking?
- If you were to try this again, how would you do things differently next time?
