RED COAT TRAIL Leadership: Becoming a Leader

The Adventure:

To be a good leader, one must be able to come up with ideas with the group. Brainstorming is a great way to do that. Convene a small group and take turns leading the group in discussion for an adventure. You can look at other Trail Cards, think about things you have never done before, or use your imagination. Once you have decided on an adventure as a team, make it a reality!

Safety Note:

A good leader always checks to see if an adventure is possible before making any promises! Check with your Scouters to ensure this adventure is safe.
