

Plan:

- Which activities will you highlight?
- Where can you host this interactive session?
- What material will you need?
- What skills should you practise to be prepared for a successful session?

Do:

- Host a day sharing your boating skills.

Review:

- What do you know now that you did not know before?
- How did your team work together on this adventure?
- How did you feel before, during and after this adventure?
- What was your favourite part of this adventure?
- How will you build on this experience?

Safety Note:

What safety practices should you follow for all adventures on or near the water?

Share Your Boating Know-How

MACKENZIE RIVER
Environment & Outdoors

The Adventure:

Canada has many magnificent places to go out boating. Share your boating safety skills with the general public. Visit a beach or marina to share some of what you know about being a good, safe boater.

Create a day of interactive sessions for the public to explore and acquire the same skills you have!

Public Safety
