

# Program Support Functional Team

## Event Support

### Event Support Commissioner

Manage the deployment of Scouts Canada's Event Standards and Event Procedures, and share best practices.

- Work collaboratively with the Associate Director, Program Support.
- Identify and prioritize trends related to event management and deploy creative solutions to remove barriers.
- Facilitate the sharing of best practices across a national team.

National Coordination

### Event Support Coordinator

Support local event organizers in the implementation of Scouts Canada's Event Standards and Event Procedures.

- Work collaboratively with the local Program Support Manager.
- Ensure that all events demonstrate Scouts Canada's safety culture.
- Use an account management approach to develop supportive relationships with event organizers.
- Facilitate the continuous sharing of best practices.

Local Implementation

### Program Support Scouter Network

Program Support Scouters can choose to specialize in one or several of the following areas of program support:

- Provide in-Section support using the Canadian Path Navigator and a modular coaching system.
- Facilitate episodic workshops for topics in which they are a subject matter expert (SME).
- Support local events like Beaverees and Cuborees.
- Facilitate outdoor skills development for local Scouters and youth.
