

Program Support Functional Team

ScoutCon Support (Episodic Workshop Events)

ScoutCon Commissioner

Develop and enhance Scouts Canada's ability to provide episodic workshops in support of the Scouter Development Model.

- Work collaboratively with the Associate Director, Program Support.
- Identify subject matter experts (SMEs) to develop standardized workshop templates.
- Facilitate the sharing of best practices across a national team.

National Coordination

ScoutCon Coordinator

Plan and implement local episodic workshop events (ScoutCons) to help Scouters acquire the skills they need to be successful.

- Work collaboratively with the local Program Support Manager.
- Use effective project management to ensure that ScoutCons are successful and reach target Scouter populations.
- Recruit SMEs to facilitate high quality workshops at ScoutCon events.

Local Implementation

Program Support Scouter Network

Program Support Scouters can choose to specialize in one or several of the following areas of program support:

- Provide in-Section support using the Canadian Path Navigator and a modular coaching system.
- Facilitate episodic workshops for topics in which they are a subject matter expert (SME).
- Support local events like Beaverees and Cuborees.
- Facilitate outdoor skills development for local Scouters and youth.
