What You Will Discover

Find out about travel and tourism in your hometown. Discover how to make your community a fun adventure for all visitors!

The Adventure

International adventures also includes getting visitors from across the world to visit you! Be an advocate for your hometown. What makes your hometown interesting, unique and fun for people visiting from all over the world? Document all the must-sees, must-dos and secret gems from your town and plan a local guided tour with your Section. Practise your tour guiding to perfect the experience!

It starts with Scouts.

Plan

- What are the most fun, unique and interesting activities in the area?
- What materials do you need for this activity?
- How will you present all of your ideas?
- How will you follow your tour? Will you walk, cycle or travel by some other means?
- How do you stay safe if you're out in the community guiding others?

Do

Using **#ScoutsDoStuff**, try taking a video outlining your tour-guiding suggestions and share with friends, family and community members to spread the word!

Review

- What were the most popular aspects of your tour?
- How did you stay safe while practising or leading the tour?
- What do you know now that you did not know before?

Safety Note

- How do you ensure you stay safe when out in the community or speaking to people you may not know very well?
- How will these tours change based on the weather?

Try this

Keep it Simple

- Practise your tour with a younger Section to see how it works out. Make changes to the tour depending on what is unpopular. You may want to include other ideas!

Take it Further

- Make your own hometown brochure that clearly outlines all of the interesting and fun attractions! Distribute your brochure to visitors in the town.
