

Scouts Canada

Winter Recruitment Campaign

What we are doing:

Scouts Canada has new digital ads on websites and social media channels that will encourage new Scouting youth to join us for the remainder of this Scouting season. We are offering a \$50 discount for those who join now.

With the messages “**The Adventure of a Lifetime**” and “**It starts with Scouts**”, these ads show potential parents how Scouting empowers youth with the confidence, teamwork, and discovery they need to grow into well-rounded individuals who are better prepared for success in the world.

How your Group can grow:

Share your Scouting adventures with your friends and connections to show what we have to offer.

Host a Bring-a-Friend event where kids in your Section can invite their pals to try Scouting. Connect with more parents and potential Scouters while expanding your Section! 🟢 **Bring a Friend**

Take advantage of one or more campaign images and post it using your Group’s (or your personal) social media accounts. 🟢 **Campaign Images**
