## Anglican Church of Canada

Published for the Church by Scouts Canada

### Religion In Life Program

Membership in Scouts Canada is open to all girls and boys who wish to make the promise, regardless of race, colour or creed. The purpose of the Scouts program is to assist girls and boys to develop physically, socially, spiritually and mentally to be responsible citizens of their country.

The Religion in Life program has been established to assist in the spiritual growth of each member, youth and adult alike, and to participate actively in their own religious denomination. Scouts Canada upholds the principle that specific religious instruction is the responsibility of parents and religious authorities.

### Purpose

The purpose of this program is to provide Anglican Scouts with an opportunity to explore their faith, to make it a basic part of their personal life, and to share it with others.

### The Emblem

The Christian Religion in Life emblem consists of a great circle, the symbol of eternity. In the circle are the first and last letters of the Greek Alphabet, Alpha and Omega, a symbol of God, and a reminder that the worship and service of God form an essential part of life from beginning to end.

### Requirements

The requirements for the Religion in Life program differ in each faith and denomination and are prepared nationally by the Churches or religious bodies to suit their particular needs.

### Instruction

The instruction of a candidate desiring to qualify for an emblem is the responsibility of the candidate's own spiritual advisor or his/her appointee.

### Presentation

Presentation of the emblem is made by the candidate's spiritual advisor and can form an impressive part of a

regular Scout meeting, a church service, or a special evening for parents/guardians.

### Stages

The Religion in Life program is in five progressive stages, colour-coded and adapted to the age groups concerned.

**Stage 1** - Grey Border (about 7–8–9)

**Stage 2** - Green Border (about 10–11–12)

**Stage 3** - Blue Border (about 13–14–15)

**Stage 4** - Red Border (15+)

**Stage 5** — Tan Border (Adults)

Candidates may start at any stage appropriate to their age and capabilities. Only one emblem - the latest stage earned is worn.

### Where Obtainable

The emblem may be obtained from provincial offices or through regular badge channels.

### Where Worn

Scouts Canada - see *By-Law, Policies and Procedures*.

### Preparation

The approach for each Scout will depend on their age and development. Essentially, each member should take a step in growth to prepare to receive the Emblem. As much help as possible should be provided by the Rector or Spiritual Advisor; the Scout Leader and the parents to underline that each person's Faith pervades all facets of life.

The Scout should recognize a challenge, but not be faced with expectations beyond their ability. As with the entire Scouting program, this Emblem offers a vehicle for Youth Ministry and Mission.

There is embodied in these outlines a rich opportunity for the Priest, or the Spiritual Advisor to share in the boy's or girl's life and to share his/her faith with the boy or girl.

## Basic Expectations For All Stages

To be applied according to the age of the youth member

### A. Worship

- Worship regularly with his/her Parish.
- Church School attendance could be considered acceptable, especially for younger members.
- As the Parish and/or parents permit, each youth member should become a communicant at the earliest opportunity.

### B. Learning

- a) - Be involved in or have completed the Christian Education programs in the parish such as Church School classes, or as may be offered by his/her Parish.

### C. Serve the Church

- Be of service to the Parish Church, through such activities as being a Server, Choir member, (junior) Sidesman, etc.

### D. Service to Others

- Be of service to others through community action and service, such as through opportunities offered by the pack or troop, whether as direct help to individuals; or protecting the environment.

These are continuing ways in which the youth members reflect their Faith in daily life. It is not intended that short-lived burst of activity or involvement be acceptable. Rather, they should already be regular in such habits. If, as may well be the case, these patterns are new, they should show continuity in their newfound habits.
