

# Religion In Life Program

## Religious Society of Friends (Quakers)

Published for the Church by Scouts Canada

### Religion in Life Program

Membership in Scouts Canada is open to all who wish to make the promise, regardless of race, colour or creed. The purpose of the Scout program is to assist children in character development by encouraging them to be responsible citizens of their country. An important part of the program is to assist in the spiritual growth of each child and to encourage them to participate actively in their own religious community. Scouts Canada upholds the principle that specific religious instruction is the responsibility of parents and religious authorities.

### The Emblem

The Emblem consists of a great circle, the symbol of eternity. In the circle are the first and last letters of the Greek Alphabet, Alpha and Omega, a symbol of God, and a reminder that the worship and service of God form an essential part of life from beginning to end.

### Requirements

The requirements for the program differ in each faith and denomination and are prepared nationally by the churches or religious bodies to suit their particular needs.

### Instruction

The instruction of a candidate desiring to qualify for an Emblem is the responsibility of the candidate's own spiritual leader or his or her appointee.

### Stages

The Religion in Life program is in five progressive stages, colour-coded and adapted to the age groups concerned.

**Stage 1** — Grey Border (typical ages 8, 9 and 10)

**Stage 2** — Green Border (typical ages 11, 12, 13 and 14)

**Stage 3** — Blue Border (typical ages 15, 16 and 17)

**Stage 4** — Red Border (18-26)

**Stage 5** — Tan Border (18+)

Candidates may start at any stage appropriate to their age and capabilities. Only one emblem — the latest stage earned — is worn.

### Where Obtainable

The emblem may be obtained from provincial offices or through regular badge channels.

### Where Worn

See Scouts Canada *By-Law, Policies and Procedures*.

### Objective

This program is intended to encourage Quaker Scouters to learn more about the history, faith, and practice of the Religious Society of Friends (Quakers) and to complement the religious education provided by parents, Meetings, and First Day schools. The badge may be seen as symbolic of a Friend learning about religion, participating in religious observances and the practicing of faith in daily life.

### Introductory Notes

1. Youth and adult persons who are members of the Religious Society of Friends and are involved in Scouting should be encouraged to qualify for this Emblem.
2. This program is intended for Quaker Scouts located in Canada regardless of Yearly Meeting affiliation and, where appropriate, the term "Monthly Meeting" includes "Church" and, if applicable, a Quaker minister/pastor may play an important role in this process.
3. The candidate or his or her parent should approach the Monthly Meeting's Religious Education Committee or the Meeting for Business where no such committee exists so that an appropriate Friend may be appointed to act as spiritual advisor to ensure that the candidate meets the intent of these guidelines. The spiritual advisor should be a weighty Friend who is committed to the faith journey of the candidate and has an interest in religious education. Lone Friends should

contact Friends Committee on Scouting and/ or Canadian Yearly Meeting's Home Mission and Advancement Committee (HMAC) for assistance in this regard.

4. The candidate's Monthly Meeting may adapt the guidelines for this badge, as appropriate, for the needs of candidate or the local meeting. The opportunity for encouraging the spiritual growth of a Friend is considered to be more important than the specific details outlined here. However, the spiritual advisor is cautioned that the guidelines should be respected as much as possible so that the badge has real meaning for those who wear it. Adapted guidelines should still serve the principles of this badge and encourage the candidate's:
  - a) Involvement in learning about the Christian faith and Quakerism in particular;
  - b) Discovery of her or his wider spiritual heritage;
  - c) Participation in the life and work of the Meeting;
  - d) Application of faith through activities or projects that give expression to the idea of Quaker service.
5. The Religion in Life Emblem may be presented to a candidate when he or she has met the standards of the appropriate stage of the program. It is recommended that this presentation take place at a regular session of the Meeting for Worship. The candidate's Scout group or a representative of the group should be invited to attend the presentation whenever possible.
6. While the guidelines for stages 4 and 5 are identical, adults pursuing stage 5 are expected to demonstrate a deeper knowledge and understanding of Quaker faith and practice and show a commitment to the encouragement of the faith journeys of young Friends.

## The Guidelines

### General Standards

1. All candidates should, according to their age and ability, be able to discuss:

  - d) The work and structure of their yearly meetings and their constituent half-yearly, quarterly, monthly, and preparative meetings and the major committees attached to these meetings.
  - e) The role of the Bible in the candidate's Quaker faith and practice.
2. In preparing for and responding to the guidelines for this badge, the candidate should record her or his thoughts in a journal in keeping with Quaker tradition. The complexity and depth of this journal depends on the candidate's age and ability but should reflect the candidate's faith journey and attempt to put into words what they believe. This journal need not be shared with the spiritual advisor unless the candidate so wishes.
  3. All candidates should have satisfactory attendance at and participation in their local First Day school (if available) and their Meeting for Worship.
